The **Empire Link** is a marketing and service partnership of shortline railroads along with Norfolk Southern that expands new carload logistics options within a 2,400-mile regional rail network.

By utilizing this innovative railway network, shippers in the region gain access between central and western NY, western PA, and northern NJ, including NYC.

These established rail routes can create new opportunities in the northeast marketplace. Bulk transfer facilities and warehouses are available for modal exchanges throughout the region.

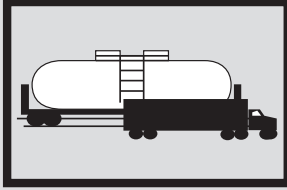

Contact any partner shortline shown here to discuss money-saving options.
