TOTE Logistics, Inc. and Carlile Announce Key New Positions

TOTE Logistics Inc. parent company of Carlile Transportation Systems announces new company leadership positions.

John Armstrong – Carlile, Vice President, Logistics

[Anchorage, AK] John Armstrong has accepted the Vice President, Logistics position for Carlile Transportation Systems, Inc. John joins Carlile from sister company Alta Logistics, where he was the Director of Logistics. John has extensive leadership, operations and logistical supply chain management experience and is looking forward to growing Carlile's business on all levels. John is familiar with both the

Alaska and Pacific Northwest Markets, having worked in Alaska for many years.

John and his team will be working out of the Tacoma

Gene Carlson – Carlile, Vice President, Trucking Operations

[Anchorage, AK] Gene Carlson has accepted the Vice President, Trucking Operations position with Carlile Transportation Systems, Inc. Gene previously held the position of Vice President of Special Projects for Carlile. In his new position Carlson will be overseeing the Heavy Haul, Equipment Repair and Maintenance, Line Haul and Bulk Departments. Gene has far-reaching experience in the industry and is looking forward to the new opportunities this position brings to

implement successful transportation strategies, strengthening the company's supply chain and improving service.

Gene will be based in Anchorage.

About Carlile

Carlile Transportation Systems was started by Harry and John McDonald in 1980 with two trucks and grew to become one of Alaska's largest trucking companies. In 2013 Carlile was purchased by the Saltchuk family of companies and currently operates under TOTE Logistics Inc. TOTE Logistics Inc. includes several transportation and logistics companies. Other Alaska held companies by Saltchuk include Totem Ocean Trailer Express, Northern Air Cargo (NAC), Inlet Petroleum and Delta Western. Saltchuk holdings also include transportation service companies around the globe.
