A. DUIE PYLE PREPARES FOR GROWTH AND CUSTOMER DEMAND - ACQUIRES ELKRIDGE, MD SERVICE CENTER

WEST CHESTER, PA - May 8, 2013- Due to growth and increased customer demand, A. Duie Pyle, the Northeast's premier asset based supply chain solutions provider, has acquired a 60 door service center in Elkridge, MD. Substantial renovations to the facility will be completed, with a target opening in early 2014.

"This is a very exciting time for Pyle," stated by A. Duie Pyle President Steve O'Kane. O'Kane explains, "The decision to acquire the Elkridge service center was based on a need for expansion, company growth, and increased customer demand, at a site that would help us get much closer to our customers in the Baltimore market. It now gives us the opportunity to extend our supply chain solutions further into Northern Virginia."

The Elkridge service center, located off of I95, will go through an extensive renovation to be consistent with Pyle's existing Class A facilities. Howard County has been very responsive and proactively supports Pyle's planned multi-million dollar renovation of the facility. Pyle will provide current employees with the opportunity to relocate to this new facility, and additional staffing requirements will be filled with new hires from the local community. Anticipated, 22 jobs will be created which is forecasted to rise as Pyle extends their services.

Despite what many consider to be an unstable economic climate, A. Duie Pyle stays focused on continued growth and reinvestment. "We have an outstanding team of people at Pyle. We remain committed to providing them with top-notch facilities, equipment, technology, and new service offerings so they can continue to exceed our customer's expectations. As a third generation privately owned family business, we do not make quarterly and short-sighted decisions...we execute long-term strategies that will benefit our people and customers," expressed Peter Latta, Chairman.

###
