Towne Air Freight Continues Rapid Growth

South Bend, IN— Towne Air Freight, a leading air and ocean freight trucking company announces the relocation of its vital southeast regional hub in Atlanta, Georgia (ATL) to a larger, more efficient facility in early April, 2013 to accommodate Towne's rapid growth. More than quadruple the size of Atlanta's previous facility the new 50-door hub features a 250,000 square-foot building and state-of-the-art security system including a completely secured and gated yard.

Centrally located just minutes from Highways I-285 and I-75, customers will enjoy easy

truck access, increased freight handling efficiencies, warehouse capacities and security of their cargo in the facility located at 4370 Old Dixie Highway in Atlanta.

"This is an exciting time in Towne's 50 year history" said Tom Downey, Towne Air Freight's President and CEO "We are posting record growth throughout North America and continue to relocate our vital hubs into larger facilities." "At quadruple the size of our previous terminal, Atlanta will now handle the huge volume of freight with more ease and efficiency, positioning us for future growth and expansion in the southeast." Downey continued.

"We are very fortunate that in these challenging economic times, more and more customers are turning to Towne to improve the overall service they provide their direct shippers. Our overall service quality, value added solutions and flexibility has resulted in mutual growth for our customers and Towne. We are extremely pleased that Towne is now recognized as the leading nationwide expedited air freight carrier thanks to our dedicated people who value our customers and go the extra distance to provide them peace of mind when they place their trust in our service" said Paul Martins, Senior Vice President, Sales and Marketing.

Towne Air Freight has also recently expanded the size of other major hubs, including Los Angeles, CA (LAX) and Harrisburg, VA (MDT).

Towne Air Freight, celebrating its 50th anniversary in business in 2013, a privately held company headquartered in South Bend, IN. Towne Air Freight is the nation's fastest growing Air Freight carrier offering a wide array of trucking services to more than 65 airport locations throughout North America.
